Fyi. I hope to have the populated spreadsheets by the time of our meeting so we will know how many sites.

Hi Rusty,

We estimate an LOE of \$3500-\$4500 pending a kickoff call with additional detail (e.g., the number of sites).

Please let me know if you have any questions.

Thanks!

HI Rusty,

Yes, still interested and sorry I didn't see this email from December.

I am running the task by the workgroup to get their comments. I asked for comments by 2/5 so I will get it to you early next week. Some initial thoughts to your questions.

Sorry, I got side tracked. I do want to pursue this. At this point, that is about all that I know.

Does that make sense? Thanks!

I just confirmed the funds are still available. Let me know if you have any more detail on the parameters of the query. Otherwise, I can request an LOE on:

A DI query for production wells pulled from NSPS 0000a ((Oil and Gas Rule) compliance reports to determine if they are low production wells.
